Occupancy Rates

The portfolio's weighted average occupancy rate was 99.2% as at 30 September 2006, with Causeway Point and Northpoint achieving full occupancy rates of 100%.

Northpoint Adjacent Land (Northpoint 2)

On 23 August 2006, Frasers Centrepoint Limited ("FCL"), the Sponsor of FCT, obtained approval from the Government of Singapore to alienate and subsequently purchase a piece of 44,000 sq ft land sited adjacent to FCT's current Northpoint and zoned for retail mall development. The successful alienation takes FCT one step closer to its target of doubling its asset size in 3 years. FCL intends to develop the adjacent land into mall ("Northpoint 2") which will be subsequently integrated to the current Northpoint. Northpoint 2 will have five levels of retail space including a retail basement floor and a basement carpark. FCT has a right of first refusal to purchase Northpoint 2. When fully integrated, FCT's current Northpoint will be transformed into an enlarged shopping mall with a total net lettable area of approximately 224,000 sq ft that will dominate its trade area. FCT will benefit from the economies of scale and also offer shoppers an enhanced shopping experience with a broader mix and range. Northpoint 2 is targeted to be completed by end-2008.

Capital Management - S\$1.0 billion MTN Programme

On 19 September, FCT, through Star Topaz Limited, raised S\$260 million through the issuance of Commercial Mortgage Backed Securities ("CMBS") under a S\$1.0 billion Medium Term Note Programme to refinance its existing bank loans. The Singapore dollar denominated notes were backed by the assets under FCT's portfolio. The notes were rated Aaa by Moody's and AAA by Fitch, and have an expected maturity date of July 2011. The transaction is part of FCT's proactive capital management program to further strengthen its capital structure by diversifying sources of funding at competitive financing terms.

Looking forward

Asset Enhancement - Anchorpoint Shopping Centre Repositioning

Anchorpoint Shopping Centre is scheduled for A&A works in 2007. Anchorpoint will be repositioned into a village-mall concept to offer a wider range of restaurants, cafes and dining. The works will commence in first quarter 2007. This will be the first in a series of Asset Enhancement Initiatives that will also be rolled out to the other FCT Malls. The sponsor, FCL has committed up to S\$1.3 million in income support for the period of Anchorpoint's asset enhancement.

"As a new REIT, we are pleased that in our inaugural quarter, we have delivered a strong set of operating and financial results that exceeded our IPO forecasts. Moving forward, FCT will benefit from the buoyant retail scene as well as from the roll-out of our planned asset management and active leasing programs. We are optimistic and confident of delivering continued solid performance for the Unitholders," said Mr Christopher Tang, CEO, Frasers Centrepoint Asset Management, the Manager of Frasers Centrepoint Trust.
