Singapore, 17 April 2013 – Frasers Centrepoint Asset Management Ltd. (“FCAM” or the “Manager”), the manager of Frasers Centrepoint Trust (“FCT” or the “Trust”), is pleased to announce distribution per unit (“DPU”) of 2.70 cents for the period from 1 January to 31 March 2013 (“2Q13”). The 2Q13 DPU is 8.0% higher than the 2.50 cents distributed in the same period a year ago.

2Q13 gross revenue grew 8.4% year-on-year to \$39.81 million on higher contributions from Causeway Point and Northpoint. Revenue from Causeway Point grew 14.5% to \$19.2 million, compared to the same period a year ago when the mall was still undergoing refurbishment. The growth was attributed to the higher number of lease commencements, higher contributions from turnover rents, better rental rates achieved for new and renewed leases and improved income from short-term leases of common space. Revenue for Northpoint grew 5.9% year on year to \$12.1 million, mainly due to higher rental rates achieved for new and renewed leases.

Net property income in 2Q13 rose 9.7% year-on-year to \$28.75 million, which is a new record for a quarter. The income available for distribution achieved for the quarter was \$23.48 million, of which \$22.25 million will be paid as distribution to unitholders.

FCT's average portfolio occupancy as at 31 March 2013 improved to 98.2% from 97.2% in the preceding quarter. In particular, occupancy level at Causeway Point improved to 99.6% from 96.4%, after several new tenants completed their fit-out and commenced business between January and February 2013.

During the quarter, a total of 22,431 square feet of net lettable area was renewed with a 10.1% increase in the average rental over the preceding leases. For the six months year-to-date, the average rental reversion achieved for the portfolio was 6.6%.

FCT's financial position remains robust with its gearing level at 30.5% as at 31 March 2013. The average cost of borrowings for 2Q13 was 2.73%, a slight increase from 2.70% in the previous quarter. The weighted average debt maturity of FCT stood at 3.35 years as at 31 March 2013 and the Trust has no significant refinancing needs in the near-term.

Dr Chew Tuan Chiong, Chief Executive Officer of FCAM, said, "We are pleased that FCT has continued to deliver robust performance in 2Q13 with fresh highs in revenue, NPI and distributable income, and our financial position remains strong. Moving forward, we expect Causeway Point and Northpoint to continue to drive growth, with the rest of the malls remaining stable. Causeway Point continues to benefit from the recently completed refurbishment, shopper traffic has increased 22% compared to the same period a year ago and we see room for traffic to grow further."
