**Singapore, 23 July 2013** – Frasers Centrepont Asset Management Ltd. (“FCAM” or the “Manager”), the manager of Frasers Centrepont Trust (“FCT” or the “Trust”), is pleased to announce distribution per unit (“DPU”) of 2.85 cents for the period from 1 April to 30 June 2013 (“3Q13”). The 3Q13 DPU is 9.6% higher than the 2.60 cents distributed in the same period a year ago.

3Q13 gross revenue grew 12.4% year-on-year to a new-high of \$39.97 million. The revenue growth was bolstered by higher contributions from Causeway Point and Northpoint. Revenue from Causeway Point grew 24.6% to \$19.3 million, compared to the same period a year ago. The growth was attributed to several factors including higher occupancy after completion of the mall’s refurbishment<sup>1</sup>, positive rental growth, higher turnover rents and improved income from car park and short-term leases of common space. Revenue for Northpoint grew 5.9% \$12.4 million compared to the same period last year on rental growth and higher car park income.

3Q13 net property income rose 15.4% year-on-year to \$28.5 million. The distribution to unitholders for the quarter will be \$23.5 million, comprising \$23.1 million of distributable income in 3Q13 and \$0.4 million, partially from the cash retained in the preceding two quarters.

<sup>1</sup> The refurbishment at Causeway Point was fully completed on 31 December 2012.

During the quarter, 45 leases accounting for 22,806 square feet of net lettable area were renewed with a 9.4% increase in the average rental over the preceding leases. For the nine months year-to-date, FCT achieved an average rental reversion of 7.5%. FCT's average portfolio occupancy as at 30 June 2013 improved to 98.4% from 98.2% in the preceding quarter.

FCT's gearing level remained stable at 30.4% as at 30 June 2013. The average cost of borrowing for 3Q13 was 2.72%. 94% of total borrowings are on fixed interest rate or have been hedged via interest rate swaps. The weighted average debt maturity of FCT stood at 3.1 years as at 30 June 2013 and the Trust has no significant refinancing needs in the near-term.

Dr Chew Tuan Chiong, Chief Executive Officer of FCAM, said, "Investors will be heartened that FCT continues to maintain the multi-year run of new-highs for revenue and DPU. The suburban retail sector benefits from positive trends such as growing median household income, low unemployment rate and growing population in the suburban estates. We expect these trends to continue to support the stability and rental growth in the suburban retail sector. Our two largest and best performing malls, Causeway Point and Northpoint, account for substantial portion of leases renewals over the next 2 years, and they are expected to underpin FCT's performance going forward."
