1Q16 shopper traffic up 8% year-on-year

Northpoint registered a double-digit year-on-year increase, as more commuters and shoppers pass through the mall after the closure of an outdoor public corridor adjacent to the mall in August 2015 due to construction works

based on the records by electronic traffic counters installed at the respective malls (Causeway Point, Northpoint, Changi City Point, Bedok Point, YewTee Point and Anchorpoint)

Asset Enhancement Initiative (AEI) for Northpoint Shopping Centre

- 18-month AEI scheduled to commence in Mar 2016 and expected to complete in September 2017
- Mall to remain open for business during course of AEI
- AEI will focus on enhancing shopper experience and comfort; boosting the diversity of retail offerings; and to enable the mall to benefit from the integration with upcoming retail component of Northpoint City by Frasers Centrepoint Limited
- AEI is expected to deliver positive return for FCT upon completion
- Based on current estimate, average mall occupancy is projected to be about 76% over the period March to September 2016

Outlook for FY2016

- Based on MTI's advance estimates, the Singapore economy grew by 2.0% year-on-year in the fourth quarter of 2015, compared to 1.8% in the previous quarter. For 2015, the economy grew by 2.1% which is in line with the growth forecast of close to 2.0%
- Asset enhancement at Northpoint is scheduled to commence in March 2016. The 18-month programme is expected to deliver a positive return upon completion
- In spite of the current headwinds in the retail industry, FCT's well-located suburban malls are expected to continue to attract steady shopper traffic, thus contributing to the sustainability of the portfolio's rental income and occupancy rates
